

Our members enjoy a vital connection to other craft artists and enthusiasts interested in the fine craft heritage of Tennessee. As a membership-driven organization, members play an active role in shaping activities to meet their personal and professional needs. Membership is open to anyone (creators and collectors) of every skill level (novice to master). Our statewide network includes professional craft artists, teachers, students, shop and gallery owners, guilds, co-ops, schools and art departments, and craft patrons. **We hope you'll join us.**
